

Four Patch Variation

April 2011

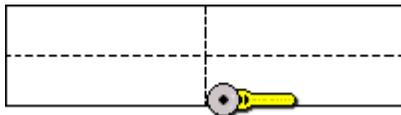

This makes an 8" block.

Color 2 fabric is provided.

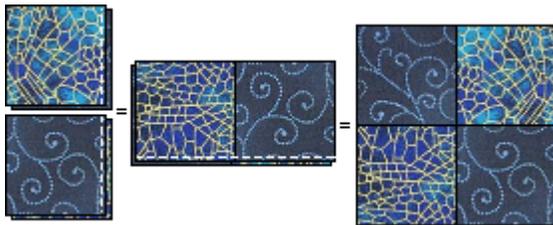

Color 1: You need two 3" squares and four 2" squares.

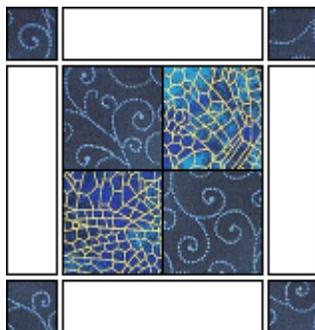

Color 2: Cut the 3" x 6" strip into two 3" squares.
(This fabric is provided)

Color 3: Cut a 4" x 11" strip into four 2" x 5-1/2" rectangles.
(White or white-on-white fabric is recommended)

Sew the Color 1 and Color 2 squares together to make the center four patch. Use scant 1/4" seams, and press seams towards the darker fabric.

Now sew two of the Color 3 rectangles to opposite sides of the center four patch, pressing seams towards four patch.

Sew the two small Color 1 squares to each end of the remaining two Color 3 rectangles, pressing seams towards squares.

Sew the Rectangle/Squares strips to the top and bottom of the block.
