

SIMPLE PANSY

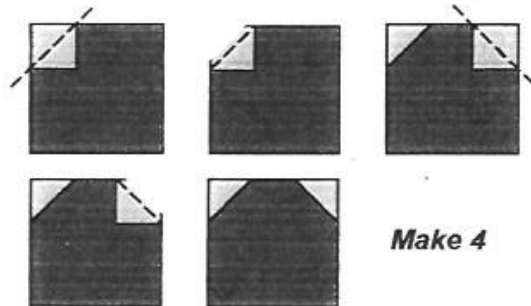

8" Block

Cut four 4.5" squares for the pansy's petals - *small floral print*
Cut eight 1.75" squares for background - *white*
Cut one 2" circle of fabric with fusible web for the pansy's center

Step 1

Sew a 1.25" (1.75" or 2.25") square of background fabric to the two top corners of each large square.

Press seam toward the corner and trim. Make 4.

Step 2

Sew the four squares together as you would a 4-patch block. Be sure to place the pieced corners as pictured above

Step 3

Attach the center circle with fusible web; appliqué in the method of your choice.
